

The St. Stephen's International School Khao Yai Weekly Bulletin

2021 - 2022 Bulletin 25: Week Beginning Monday 25 April

Primary

This week Year 1 and Year 2 have launched their new IPC topic 'Buildings.' Students have learnt about how to work collaboratively, skills they are good at and the roles each person takes on to make a group successful. The students have also started their new text, which is part of the Claude series by Alex T. Smith. Year 3 has had a wonderful start to the new term with two great additions to their family. Welcome to Imsook and Loma. The Year 3 students have enjoyed learning about magnetism, and have had great fun investigating using magnets in their class. This is the final week of the 'Feel the Force' topic in IPC. Next week

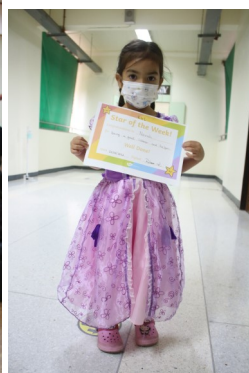

Year 3 start their new topic called 'Active Planet'. The students look forward to sharing some of our work with you in the future. Year 4 students have started their new topic 'Active Planet'. They have understood that the tectonic plates that form the Earth's crust are always moving, and even the smallest movement can cause huge earthquakes, volcanic eruptions and tsunamis that devastate communities across wide areas. Year 6 conducted some interesting experiments about light. The students made predictions and recorded their observations. First, the students drew an arrow. Then, they looked at the arrow through a glass of water. Amazingly, the arrow changed direction! The light bends once when it travels through the glass cup into the water, and then it bends again when it travels out of the glass cup and into the air. As a result, the light paths cross and the image appears to be flipped!

Year 9 Options

Year 9 students will be meeting with Ms. Nan and Dr. Kevin on Thursday to discuss their IGCSE option choices for next year.

World Book Day

Students celebrated World Book Day on Friday 22 April by coming into school dressed up as one of their favourite book characters and took part in a range of activities. Some photos are below.

DATES FOR YOUR DIARY

Monday 25 April – Saturday 30 April

Monday 25 April
Online learning for Year 5, Year 8 and Year 10.
Learning in school for all other year groups.
ASA programme

Tuesday 26 April
Online learning for Year 5, Year 8 and Year 10.
Learning in school for all other year groups.
ASA programme

Wednesday 27 April
Online learning for Year 5, Year 8 and Year 10.
Learning in school for all other year groups.
