SCHOOL FAIR!

On Saturday 16th November the day we'd all been waiting for finally arrived....the School Fair!!! It was a cloudy day but it still felt bright and hot. We started the day with a marvelous parade led by Santa Claus and his reindeers (played by happy Year 10s!). After the parade we had lots of time to play all the fun (and sometimes ridiculous) games and take part in the craft activities. Our favourite activity was face painting and our favourite game was Dunk the Teacher. We then went to the field in time to watch the amazing show put on by the students and teachers.

We thought one of the best performances of the evening was Tan, Penny and Punn dancing hip hop.

They were incredible and made us all want to dance! Another performance we thought was incredible...but very, very ridiculous was the staff band performing The 12 Days of Christmas with special guests Mr. James and Mr. Chris doing a very strange dance. Well done to Showboon, Sandra and Toh for winning some of the top prizes in the raffle.

We thought this year's School Fair was the best one ever and can't wait for the next one!

Spelling Bee

A few weeks ago you might have seen a few nervous and excited students getting into a van. Why were they feeling so weird? Well, they were going to a special competition. The competition was a Spelling Bee!

When we got there we went into the auditorium (it was like a theatre!) and went to sit on the

stage. One by one we had to go to the front of the stage to spell a tricky word. It was so scary standing at the front, it gave us goosebumps. If you got the word wrong, you were sent off the stage straight away. If you got it correct you had to sit down again and wait for your next turn. Every one who went did really well and the teachers were so proud

of them.

However, one person did better than all the others.....Chay Chay in Y3KH. He incredibly won 3rd place out of more than 100 participants. Well done to Chay Chay and well done to every-one who took part.

LEGO Hidden Side

I will tell you about the four main characters in the app.

Spencer: Spencer is a dog that is Jack best friend in the whole world! Jack lost Spencer in a tragic traffic accident. But thanks to the haunting of newbury, Spencer is back as a (mostly) invisible ghost dog. He still as lively as any puppy in ghost form. But also easily distracted. Especially by bacon.

Douglas: When Douglas is a kid he dreamed of becoming a stuntman, a race driver, a wrestler, a pilot and many other things. After many failed attempts (and broken limbs) he ended up as the groundskeeper of Newbury middle and high school.

Jack: it's not easy being a new kid in town-and a school headmaster's son. But after jack joins J.B and Parker in their local ghost hunter/paranormal investigator operation, the town of Newbury became a lot more excited and more scary. Apart from his ghost Spencer, Jack biggest passion is his online video channel (Boo-tube, anyone?) his live streaming and excited commentary.

Parker: Parker has lived in Newbury with her parents all her life. She is a bit of an outsider, hard to impress and likes to keep to herself. She is focused, to the point and very smart.

I hope you enjoy playing - come and find me if you have any question because I am a Lego Hidden Side expert!
